"We are dedicated to providing the highest quality medical certification programs in the shortest amount of time possible for the best value to all students who are committed to improving themselves, their futures, and the lives of others"

Our Mission Statement

Your success is our success!

The objective of the Professional Medical Technician Program is to provide students with the knowledge, skills, and professional work habits pursuant to gaining employment in an entry level position in a medical facility such as a hospital, clinic, rehabilitation facility, physician's office, insurance organization, or research institution.

Your courses are taught by highly experienced healthcare professionals

CMC students are well trained and qualified to enter the work force!
